

Sitting Pretty

Graphics

Hey,

Nice to meet you.

I'm Lauren, Creative Director and owner of Sitting Pretty Graphics.

I know how scary-exciting it can be to start your own business and I know how amazing it feels to make your first sale. Working with you as you grow and being part of the continued successes of businesses is what it's all about for me - there is no better feeling.

I believe that your businesses logo and branding should speak to your target market and make them want to work with you.

My art style is minimalistic and conceptual. Clean and fresh. If that sounds like it suits you, let's work together to get that happening. My team and I can't wait. *We'll have you sitting pretty amongst your competitors.*

Graphic Design

Designer for a Day

Have a Graphic Designer on site for the day.
Make a list.
Get it done.
Move on.
No emails back and forth.

Flyers, booklets, posters, invitations, graphics, social media templates, building or car signage, website updates all included.

Please note, we're happy to tweak an existing logo, but it's just not possible to create an entire new logo in one day.

Hourly Rate

Alternatively, if you have just a few odd things you'd like done on an ad-hoc basis you can email us each job as it comes along and we're happy to help out and fit these smaller jobs in between our larger projects.

DESIGNER FOR A DAY

A professional graphic designer in your office for an entire day.

- Accelerated concept creation
- Clear communication
- No back and forth emails required
- Get your projects finished and move on.

Printing & Promo Products

Print Management

CMYK, RGB, Pantone, JPG, PNG, Vector, DPI? Do you know the difference? Everything we design, we can get printed. We get projects printed by local trade printers at wholesale rates, meaning we offer complete quality control with exceptional pricing and fast turn around times.

We would prefer to manage the print for our clients as we know exactly how the file is meant to turn out and can guide you on print methods and work with the printers to get a great result rather than just uploading online somewhere and hoping the colours come out okay.

Promo Products

We can supply promotional products too, often within a 5 day turn around from time of order. We've built relationships with wholesale suppliers over the years with excellent quality products and competitive prices.

Websites

Wordpress Websites Built to Grow With You

We can help with smaller, one-page websites, right through to large e-commerce stores.

Each website is priced individually based on an agreed scope of works.

Before we start, we meet to agree on the content required, the goals of the website and the look and feel of the website.

All of our sites can be added to and changed in the future. We include video tutorials to show you how to make simple changes yourself.
